

Why?

How many
planned for this?

How many
expected this?

Who is planning for 2020?

Resiliency

The ability of an organization to **grow, resist, absorb, respond** and/or **recover** in a timely and efficient manner, preserving or restoring its essential basic structures, functions and identity.

What does my community look like?

What does my local/state government look like?

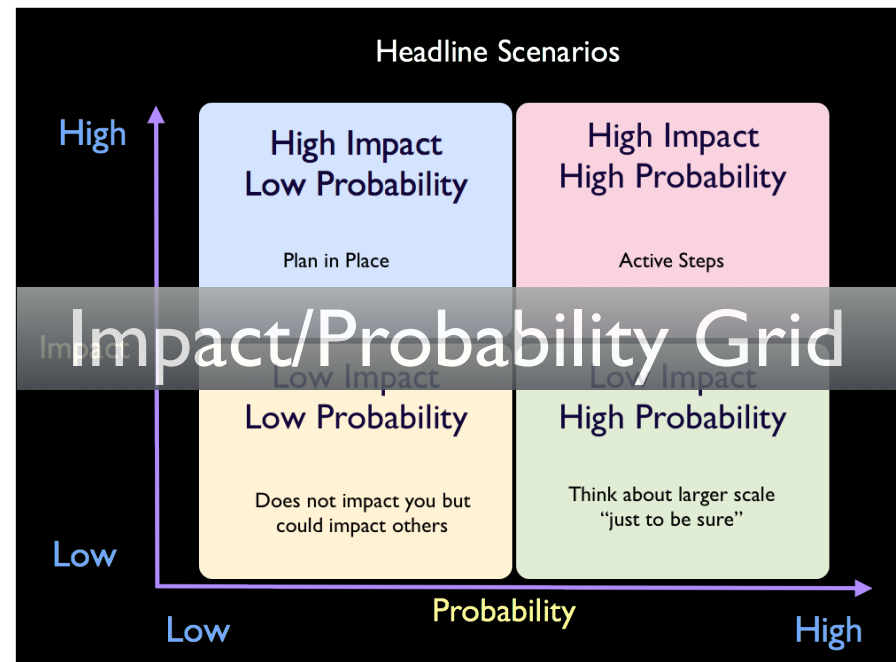

What does my League look like?

What does my messaging look like?

What actions am I taking?

Use **PESTEL** to
Develop Resiliency
Planning Scenarios

June 2020

- P** Republican takeover of the CA Assembly and Senate
- E** El Nino floods the state, rains 40 days and nights
- S** ICE sets up command centers across CA cities
- T** Computer virus disables 50% of laptops across USA
- E** Europe announces climate \$billions to invest in CA
- L** State creates Voter Protection Agency

Black Swans

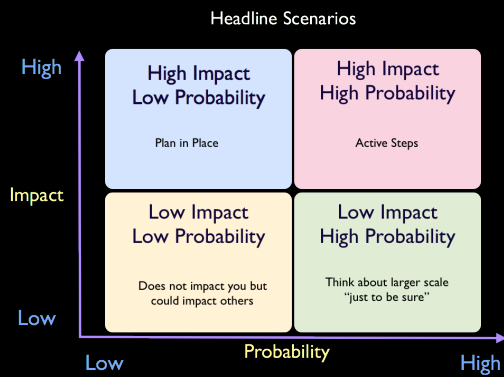

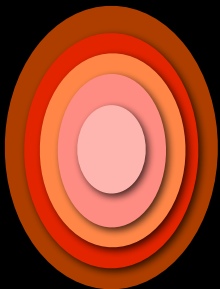

Team Activity

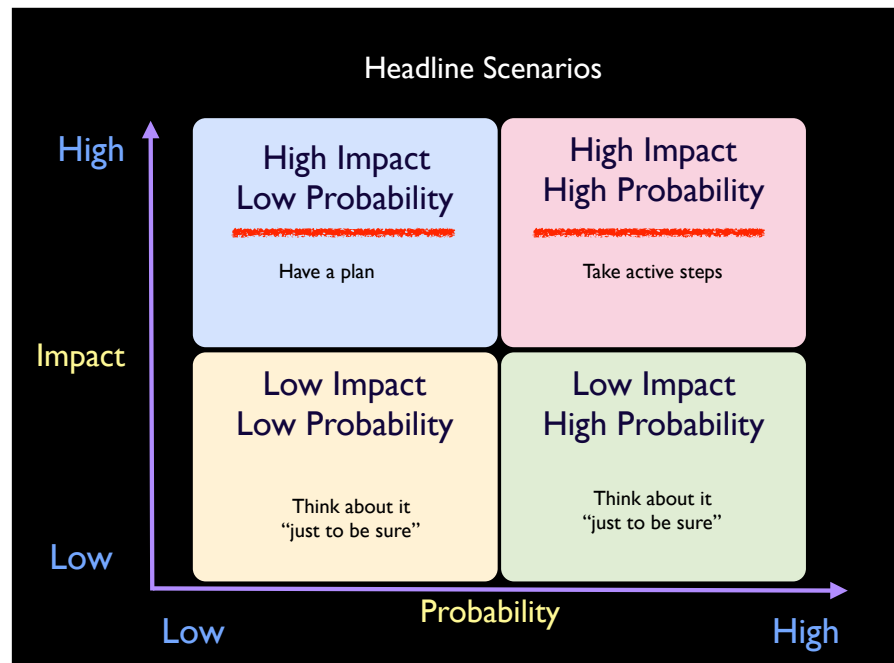

1. Each team develops 4 scenarios for:

(P)
(E)
(S)
(T)
(E)
(L)

2. Black Swan?

3. Prioritize all scenarios

Vulnerability Assessment

Scenarios

| | Pipeline severed for one month | Daily flooding throughout the Keys | Waterborne disease causes sterility | Housing median rises to \$1 million |
|--------------------|--------------------------------|------------------------------------|-------------------------------------|-------------------------------------|
| FKAA | | | | |
| Emergency Services | | | | |
| Locals | | | | |
| Utilities | | | | |
| Tourism Industry | | | | |
| Other Business | | | | |

Your assets

Pipeline severed for one month

Waterborne disease causes sterility

What does **organization** look like under various futures?

Pipeline Severed

\$1 Million Housing

FKAA

Calling in National Guard

Emergency water rationing

Can't hire - housing too expensive

Transporting staff from mainland

Tourism

Tourists not coming

Businesses shutting down

Tourism is booming

Business water demand is growing

| 2020 LWVC | Voter Protection Agency |
|----------------------|---|
